To Whom It May Concern,

I am writing on behalf of Mr. Roger Ross who resides at 255 Carter Street, Manchester, Connecticut. Roger is the founder and President of Babson Consulting, Inc., a software development company that specializes in the customer's needs. We have been a customer of Roger's for over 15 years.

As an ever-growing church with many outreach ministries, our administrative departments were in dire need of a modern and efficient computer software system to record and track membership, church records, phone calls, finances and more. Using the SoulKeepers software, Roger implemented it throughout the offices of both our church and mission areas, and tailored it to our specific needs.

Over the years, my church has experienced many changes and Roger has worked closely with our church Board, office administrators, and additional staff to effectively execute those changes into the SoulKeepers system, with outstanding results. In this day, when computer technology is in the forefront of practically everything we do, Roger has kept us not only up-to-date, but also confident in our own knowledge, know-how, and administrative duties.

Roger has always been available to provide programming, technical and end user training, purchasing advice, and product support whenever needed. He takes our detailed needs and using his creativity, expertise, and experience, produces a product that is always effective, thorough, and convenient to use, and we are always happily impressed with the end product.

It's been our pleasure to work with Roger. He is honest, courteous, reliable, and professional, yet down-to-earth. He is also very accommodating to our work schedules, which is not always convenient for him. Roger and his company are highly recommended by my church and me, and we look forward to a continued association with him in the future.

Sincerely,

Rev. Eleanor M. Kalinsky

This Ministry is committed to continuing our God-given vision with exemplified integrity, Godly principles, righteousness, compassion, and lovingkindness toward all mankind.
